

Training On Safety Assessment And Management  
For New And Innovative Children's Products

**An online free training  
tool on children's  
products safety**

**Free Open Practical  
Collaborative**

**365 days/year**

**Available in English, Spanish, French,  
Italian, Czech and Portuguese**

## The project

**SAMNIC** is a transnational project, funded under the EU Erasmus+ Programme, to develop and implement a MOOC – a **Massive Open Online Course**– on the Safety Assessment and Management for New and Innovative Children's Products.

SAMNIC MOOC is a free online course to which almost everyone can register: it allows for an almost unlimited number of participants.

In addition to training, this innovative tool provides an interactive forum for users, through which they will be able to share experiences and engage in collaborative learning. This encourages the creation of the SAMNIC Community, a multi-disciplinary group of professionals from consumer organisations, industry, research centres, universities and enforcement authorities, among others.

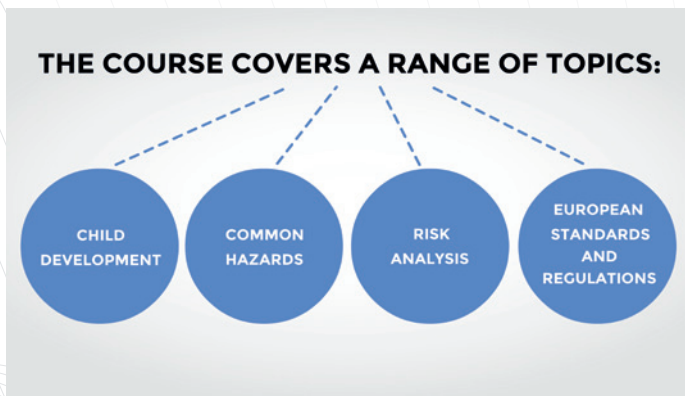

# Who is SAMNIC MOOC for?

All stakeholders involved in children's products safety.

## What do we offer?

A practical and global vision of children's products safety.

**Register free on [www.samnicmooc.com](http://www.samnicmooc.com)**

The official launch of SAMNIC MOOC  
is expected later in 2016.
